Front-End: HTML5, CSS3, JavaScript, TypeScript, Tailwind CSS, React

Backend & Tools: VS Code, Git, GitHub, Python, Supabase

EDUCATION

Mapúa Malayan Colleges Laguna | Cabuyao, Laguna

Bachelor of Science in Computer Science | Expected Aug 2027 | TWA: 1.45 | Coursework: HCI, Web Dev, OOP

Senior High School – ICT Strand | 2021 – 2023 | Graduated With High Honors

FEATURED DESIGN PROJECTS

ELOCIA: AI-Assisted FSL Learning System (*Thesis Project – Initiator & Lead UI/UX*) | Figma, React

- Directed end-to-end UI/UX design in Figma, tailoring accessibility features for deaf elementary pupils.
- Designed web dashboards for teachers/parents to track analytics and a gamified learning interface with computer vision feedback.

Aurora: Smart Refrigerator & Inventory Manager (*Mobile UI/UX Concept*) | Figma

- Architected mobile user flows for a smart home kitchen application featuring automated expiration tracking.
- Designed an automated notification workflow translating fridge shortages directly into categorized shopping tasks.

BOYCODE: Apparel E-Commerce Platform (*UI/UX Course Capstone*) | Figma

- Designed a responsive e-commerce platform emphasizing streetwear aesthetics, smooth navigation, and intuitive filtering.
 - Made a minimalist design system featuring reusable UI components, typographic scale, and auto-layout cards.
-

EXPERIENCE

Student Ambassador | Mapúa Malayan Colleges Laguna | Sep 2025 – Jun 2026

- Represented the university during official campus tours and orientations
- Collaborated with marketing teams, promotional campaigns, and institutional photoshoots.

Campus Brand Creator | Blackbox AI | Mar 2026 – May 2026

- Produced digital technical content demonstrating AI developer tooling use cases for university software students.
-
